

Indiana Goalkeeper Academy

Bloomington Challenge Camps

Boys & Girls U11-U14 --- Men & Women High School & College

IGA is pleased to provide this specialized training camp to goalkeepers in Bloomington and surrounding areas. The objective of IGA is to provide a high level training environment for goalkeepers of all ages and abilities and to foster individual growth in the technical, tactical, physical, and psychological areas of the position. IGA has continued to set the standard for goalkeeper education in Indiana and evidence of this can be seen on fields ranging from small sided to full sided, from competitive travel to college, where IGA keepers continue to excel in the position. Goalkeepers from Bloomington, Terre Haute, Fort Wayne, South Bend, Seymour, and Richmond have traveled to Indianapolis to join the many keepers who are finding that IGA's specialized training is helping them to attain higher levels of performance. With the introduction of this camp, this same training and its benefits are available to keepers in the Bloomington area.

Camp Format: All training will take place outdoors at Karst Park and all sessions will be lead by IGA Director Miles Glynn who will be supported by other staff as needed. Training sessions will be fun, fast paced, and will present appropriate challenges for all levels of goalkeepers. Players will be assigned to groups based on age and ability. Each training day will consist of training drills and competitive games which address the physical, psychological, technical, and tactical demands of the position. All training is directly related to match situations.

Camp Director: Miles Glynn is the founder and director of Indiana Goalkeeper Academy. Coach Glynn played at Mount St. Clare College (now Ashford University) in Iowa and now resides in Indianapolis, IN.
